## JURISDICTION

5. This Accusation is brought before the Board under the authority of the following laws. All section references are to the Business and Professions Code (Code) unless otherwise indicated.

6. Section 8620 of the Code provides, in pertinent part, that the Board may suspend or revoke a license when it finds that the holder, while a licensee or applicant, has committed any acts or omissions constituting cause for disciplinary action or in lieu of a suspension may assess a civil penalty.

7. Section 8625 of the Code states:

The lapsing or suspension of a license or company registration by operation of law or by order or decision of the board or a court of law, or the voluntary surrender of a license or company registration shall not deprive the board of jurisdiction to proceed with any investigation of or action or disciplinary proceeding against such licensee or company, or to render a decision suspending or revoking such license or registration.

## STATUTORY PROVISIONS

8. Section 498 of the Code states:

A board may revoke, suspend, or otherwise restrict a license on the ground that the licensee secured the license by fraud, deceit, or knowing misrepresentation of a material fact or by knowingly omitting to state a material fact.

9. Section 8624 of the Code states:

If the board suspends or revokes an operator's license and one or more branch offices are registered under the name of the operator, the suspension or revocation may be applied to each branch office.

If the operator is the qualifying manager, a partner, responsible officer, or owner of a registered structural pest control company, the suspension or revocation may be applied to the company registration.

The performance by any partnership, corporation, firm, association, or registered company of any act or omission constituting a cause for disciplinary action, likewise constitutes a cause for disciplinary action against any licensee who, at the time the act or omission occurred, was the qualifying manager, a partner, responsible officer, or owner of the partnership, corporation, firm, association, or registered company whether or not he or she had knowledge of, or participated in, the prohibited act or omission.

10. Section 8637 of the Code states: "Misrepresentation of a material fact by the applicant in obtaining a license or company registration is a ground for disciplinary action."

11. Section 8641 of the Code provides that failure to comply with the provisions of the Business and Professions Code, or any rule or regulation adopted by the Board, is a ground for disciplinary action.

12. Section 8654 of the Code states:

Any individual who has been denied a license for any of the reasons specified in Section 8568, or who has had his or her license revoked, or whose license is under suspension, or who has failed to renew his or her license while it was under suspension, or who has been a member, officer, director, associate, qualifying manager, or responsible managing employee of any partnership, corporation, firm, or association whose application for a company registration has been denied for any of the reasons specified in Section 8568, or whose company registration has been revoked as a result of disciplinary action, or whose company registration is under suspension, and while acting as such member, officer, director, associate, qualifying manager, or responsible managing employee had knowledge of or participated in any of the prohibited acts for which the license or registration was denied, suspended or revoked, shall be prohibited from serving as an officer, director, associate, partner, qualifying manager, or responsible managing employee of a registered company, and the employment, election or association of such person by a registered company is a ground for disciplinary action.

13. Section 8593 of the Code provides, in pertinent part, that the Board shall require as a condition to the renewal of an operator's license that the holder submit proof satisfactory to the board that he or she has informed himself or herself of developments in the field of pest control either by completion of courses of continuing education in pest control approved by the board or equivalent activity approved by the board.

## REGULATORY PROVISIONS

14. California Code of Regulations, title 16, section 1950 states:

(a) Except as provided in section 1951,<sup>1</sup> every licensee is required, as a condition to renewal of a license, to certify that he or she has completed the continuing education requirements set forth in this article. A licensee who cannot verify completion of continuing education by producing certificates of activity completion, whenever requested to do so by the Board, may be subject to disciplinary action under section 8641 of the code.

(b) Each licensee is required to complete a certain number of continuing education hours during the three year renewal period. The number of hours required depends on the number of branches of pest control in which licenses are held. The subject matter covered by each activity shall be designated as "technical" or "general" by the Board when the activity is approved. Hour values shall be assigned by the Board to each approved educational activity, in accordance with the provisions of section 1950.5.

(c) Operators licensed in one branch of pest control shall complete 16 continuing education hours during each three year renewal period. Operators licensed in two branches of pest control shall complete 20 continuing education hours during each three year renewal period. Operators licensed in three branches of pest control shall complete 24 continuing education hours during each three year renewal period. In each case, a minimum of four continuing education hours in a technical subject directly related to each branch of pest control held by the licensee must be completed for each branch license, a minimum of two hours in Integrated Pest Management as defined in section 1984 must be completed by Branch 2 and/or 3 licensees renewing on or after June 30, 2010, and a minimum of eight hours must be completed from Board approved courses on the Structural Pest Control Act, the Rules and Regulations, or structural pest control related agencies' rules and regulations. . .

<sup>1</sup> 16 C.C.R. § 1951 states: "In lieu of continuing education, a licensee may qualify for renewal by taking and passing an examination designed by the Board to cover developments in the field of pest control. Licensees who choose this method of qualifying for renewal may take this examination only once, and must take the examination no earlier than one year prior to their license expiration date. A score of 70% or higher shall be considered a passing grade on this examination."

1 COSTS

2 15. Section 125.3 of the Code provides, in pertinent part, that the Board may request the  
3 administrative law judge to direct a licentiate found to have committed a violation or violations of  
4 the licensing act to pay a sum not to exceed the reasonable costs of the investigation and  
5 enforcement of the case, with failure of the licentiate to comply subjecting the license to not being  
6 renewed or reinstated. If a case settles, recovery of investigation and enforcement costs may be  
7 included in a stipulated settlement.

8 **FIRST CAUSE FOR DISCIPLINE**

9 **(Securing a License by Fraud, Deceit, or Knowing Misrepresentation of a Material Fact)**

10 16. Respondent is subject to disciplinary action under sections 498 and 8637 of the Code  
11 in that he secured his Operator's License by fraud, deceit, or knowing misrepresentation of a  
12 material fact. The circumstances are as follows:

13 17. On or about June 26, 2014, Respondent signed the "License Renewal Application –  
14 Operator" for Operator's License Number OPR 12353. Declaring under penalty of perjury under  
15 the laws of the State of California that his information was true and correct, Respondent stated  
16 that he completed 16 hours of continuing education required for the renewal of a license issued in  
17 one Branch of pest control. Respondent's Operator's License was subsequently renewed for a  
18 period of three years.

19 18. In a letter dated September 1, 2015, mailed to Respondent's address of record, the  
20 Board's Licensing Unit informed Respondent that he had been selected for a continuing education  
21 audit. Respondent was directed to provide the certificates of course completion to verify the  
22 continuing education requirement for the renewal period July 1, 2011 through June 30, 2014.  
23 Respondent was told that the requested information was due 14 days from the date of the letter,  
24 and that failure to comply would subject him to disciplinary action. Respondent failed to respond  
25 to the letter.

26 19. On October 30, 2015, the Licensing Unit mailed a Second Notice letter to Respondent  
27 directing him to provide the certificates of course completion to verify the continuing education  
28 requirement within 14 days of the date of the letter. Respondent failed to respond to the letter.

1       20. On November 19, 2015, the Licensing Unit called Respondent and left a voicemail  
2 regarding the two letters sent to him.

3       21. On December 8, 2015, the Board mailed a Final Notice letter to Respondent directing  
4 him to provide the certificates of course completion to verify the continuing education  
5 requirement. Respondent failed to respond to the letter.

6       22. On December 30, 2015 and January 6, 2016, the Licensing Unit called Respondent  
7 and left voicemails regarding the Board's attempts to contact him about the continuing education  
8 audit.

9       23. On January 11, 2016, the Licensing Unit mailed a second Final Notice letter to  
10 Respondent directing him to provide the certificates of course completion to verify the continuing  
11 education requirement. Respondent failed to respond to the letter. The Final Notice letter sent to  
12 Respondent via Certified Mail was returned by the U.S. Postal Service on February 16, 2016,  
13 marked "Return to Sender – Undeliverable as Addressed – Unable to Forward."

14       24. On February 9, 2016, the Licensing Unit mailed a letter to Respondent advising that  
15 as a result of his failure to respond to the Board's multiple requests to provide the certificates of  
16 course completion to verify the continuing education requirement, his case would be forwarded  
17 for disciplinary action.

#### 18                                   **SECOND CAUSE FOR DISCIPLINE**

##### 19                   **(Failure to Comply With the Provisions of the Structural Pest Control Act)**

20       25. Respondent is subject to disciplinary action under section 8641 of the Code, and  
21 California Code of Regulations, title 16, section 1950, in that he failed to comply with the  
22 provisions of the Structural Pest Control Act, as described in paragraphs 15-24, above.

23 Respondent's conduct violated Business and Professions Code section 8593, which required  
24 Respondent, as a condition to the renewal of his Operator's License, to submit proof that he  
25 completed a minimum of 16 hours of continuing education in pest control approved by the Board  
26 or equivalent activity approved by the Board within the three-year renewal period.
